The Maine New Markets Loan Fund is a Small and Medium Enterprise Loan Pool created in partnership with Bangor Savings Bank. Thanks to this first-in-the-nation partnership between a nonprofit organization and a community bank, the benefits of New Markets Tax Credits are now available to many more businesses through access to smaller loans starting from \$100,000. CEI Capital Management (CCML) expects to fund approximately 12 loans from this \$9.5 million pool, emphasizing 3E benefits.
