Do you want to:

- Develop and retain staff
- Expand production
- Access new markets
- Build facility layout and operations plans
- Implement new manufacturing strategies
- Identify investment needs and sources of capital
- Network with industry businesses seeking facility and workforce solutions

**We can help!**

## WHAT

The Maine Tastemakers Initiative helps leading food and beverage companies grow by offering financial resources, market analysis, tailored consulting and investor networking opportunities.

*Participating companies will be selected through a competitive application process, demonstrating a compelling value and jobs creation proposition, proven product, strong business plan and long-term Maine-based growth strategy.*

## TARGETED RESOURCES

- Private meeting with investors
- Up to \$10,000 per company to retain expert consulting and marketing intelligence
- Process and equipment planning to expand production
- Confidential market data specific to your product to target sales
- Workforce development tools and consulting
- Networking with other businesses and buyers to identify partner opportunities
- Opportunities to showcase your products in Boston at the Maine Tastemakers Showcase (2019 Date, TBD)
